WOMEN KNOW MORE.

It is said to be noticeable at the big Chicago auto show that women know more than ever before about the mechanism of cars. This condition is a war time result and the explanation is simple. In order to reduce living expenses some women began driving their own cars instead of employing chauffeurs, and still others took up driving because their sons or husbands went into the service. So from one cause or another, thousands of women have taken on this car operation experience, which is really valuable to them and makes motoring more of a pleasure than ever before.

THE DIFFICULTY OF A FOOD BOYCOTT.

The National Housewives union has started a boycott on retail food distributors whose prices do not immediately show the same decline as wholesale prices. This union is for the most part a

"paper" organization and its reputed action will not have much effect on the food situation. The boycotting of food distributors is a difficult matter unless one has previously laid in supplies. The retailer too, must be accorded some time to dispose of his stocks if wholesale prices slip suddenly and find him with goods already on his shelves and counters.

THE EDUCATIONAL PROGRAM.

The proposal to establish a cabinet of education at Washington is going to receive hearty support. The government has long maintained a department of education, but with the new problems that have come as a war result, it is believed that a cabinet officer can come more nearly meeting the situation. The illiteracy facts which the selective draft regulations brought into the line light have done much to impress the special educational needs.

ENGLISH LABOR TROUBLES.

The English labor situation seems to be much more difficult than that in the U. S. Several hundred thousand workmen are on strike there and almost every day new disturbances come. Labor in Great Britain does not seem to be as well organized as in the U. S., and most of the strikes have been called without the consent or approval of union officials. In fact, the officials and the men seem to be out of accord. Since labor has been thru such a war strain in England for more than four years, it is not really surprising that disturbances have come now that the tension has been relieved.

TURNING AN ATTACK INTO A BOOST.

If by any chance Henry Ford had won heavy damages in his suit against the Chicago Tribune even then the Tribune would not be the loser. The management of that great paper has taken advantage of the testimony of two of Mr. Ford's witnesses, both advertising experts of national fame, to prove again that the Tribune is one of the nation's greatest mediums. These special-

ists in their testimony told about the circulation of Tribune thru twelve or fifteen states, the high class of its readers and its general influence. The Tribune quickly turned their statements into a page of advertisement. From such a source it is an advertisement equal in value to a heavy verdict for damages.

EXPRESS SERVICE.

The American Express Co. has announced that aerial express service between New York and Chicago is feasible and will be installed at no distant date, with rates which are reasonable for this special service. More express company patrons would be satisfied if the efficiency of service which prevailed before government control began were restored. From the consolidation of offices and some other changes made, the government may have effected some saving, but it certainly did not improve the service.

WHAT WOULD A SURVEY SHOW?

East St. Louis has engaged Francis Oakley of the New York Bureau of Municipal Research to make a financial survey for the city. The purpose is to not only look up the records but to find out how much money is necessary to fully meet the normal needs of the city under changed conditions. Such a survey in Jacksonville, showing the present city indebtedness, the expenditures which may be called reasonable and judicious, and the revenue likely to be available, would not prove a reassuring financial document for any citizen who contemplates being a candidate for mayor. Even a prospective alderman might shy off from such a financial showing.

EQUAL SUFFRAGE RIGHTS.

Illinois in the senate and house has gone on record as favoring a national amendment which would give equal suffrage for women. The victory of women in this state was not surprising since women have already been granted partial suffrage in this state. There has never seemed to be anything reasonable about the Illinois law, which permitted women to vote for president and did not give them right to express their choice of candidates for lesser offices. Women are qualified to vote or they are not qualified. They have a right to full suffrage or they have a right to none.

BETTER PROTECTION FOR CHILDREN.

That is a salutary measure which has been introduced in the Illinois general assembly proposing the establishment of a special children's division of the department of public welfare. This division would have the entire supervision of the soldiers' orphans home, the state training school for girls, the school for boys, together with the schools for the blind and deaf in this city. The problems connected with these institutions are so different from those of the insane hospitals and other state institutions that the division has much to contend with.

Another point of the proposed law is that the power to release children committed to institutions in this division of the welfare department. Opportunity and authority would be given for closer supervision of the boys and girls in the institutions enumerated, and much more could be done for their health, education and their later welfare. The problems related to children as wards of the state are really more important than those of the adults, and the proposed law, as indicated, is one which marks the disposition of those who have studied the question to take a forward step in the laws of this state.

"his" things, and everything that aches and stings. When I was young I thought relief might come from springing roars of grief, but age brings wisdom—or it should—and shows what's good and what's no good. The man who calmly bears his cross is never quite a total loss. He'll always have a herd of friends until his little journey ends. But no one loves the sweating swain who beets about a little pain. When I am crippled up and sore, I try to sing and smile the more, and now's the time to make a hit by stacking up as Sunny Jim—I'll work that graft or lose a limb. And so the cheery neighbors come, and bring me jam of quince and plum, and chicken soup, and things like those; they wouldn't if I made my woes the punk excuses for briny weeps; they'd dodge my coop, and that for keeps.

Sweet Clover is now grown successfully on many farm in the corn belt, both in rotation and as a catch crop to be plowed under. It has proved excellent for hay and pasture, and is unequalled by any other legume for soil improvement.

Sweet clover may be used to good advantage for silage, and on some farms, with proper management, it is a profitable seed crop. Mixed with bluegrass, it makes a pasture of nearly double the carrying capacity of bluegrass alone.

Cattle Scab is a contagious skin disease affecting cattle of all classes, ages, and conditions. It is caused by minute parasite or mite, several species of which affect cattle.

Scab is injurious to all classes of cattle, but the greatest injury occurs among bulls and old or weak animals of low vitality. Money losses are caused by irritation, shrinkage in weight, unthrifty condition, arrested growth, functional disturbances, low vitality, and increased death rate.

Cattle Scab can be eradicated by dipping or spraying, but dipping is the better method of treatment. Lime-sulphur dips, nicotine dips, and crude-petroleum dips are efficacious.

Shrinkage in Shipping—It is evident there is much loss in marketing hogs thru excess shrinkage. Recently, a shipper who has been buying and shipping for 25 years stated that he had 900 pounds shrink in the last car load of hogs shipped a distance of less than 150 miles. From the same station, a feeder who shipped his own hogs had less than 1 1/2% shrink in marketing over 2,000 head. Upon inquiry it was found the old shipper was still over crowding the car, having loaded 19,000 pounds of hogs in a car, while the other man never puts more than 17,500 pounds in a car the same length, and only 19,500 pounds in a 40-foot car. Where hogs are too crowded excessive shrinkage is the result.

The above feeder prepares his hogs for shipment by sorting out the ones that are finished and ready for market. Others that are thin and out of condition are left for further feeding. The hogs are weighed at home and driven a distance of 4 miles to the shipping station. All the extra fat, fluffy and short-legged individuals and those that lag on the way are hauled in a wagon. In winter he throws three to four hundred pounds of slack together with three to four bushels of shelled corn in each car. In summer no feed is given during shipment. Finally one glance over the car is always advisable to see that the wheels are in good shape and the bearings full of waste in order to prevent hot boxes which sometimes necessitate the cars being set out along the way.

DOCKET SET

Members of the Morgan county bar met yesterday in accordance with notice issued by Circuit Clerk Boston, and set the docket for the first week of the February term of the circuit court. Judging from the docket setting this is not to be a very busy term. No cases were set for Monday, and Judge Barton is expected to spend the day in hearing motions and entering defaults in cases on the docket. The following cases were set for Wednesday:
Freda Hall vs. Fred Hall, divorce.
Mary New vs. Ezra New, separate maintenance.
D. J. McCarty vs. City of Jacksonville, petitioner, certiorari.

PROPERTY COURT
In the case of Michael White, appraisement bill was approved. In the estate of W. H. Hughes, the appraisement bill, inventory and petition for private sale of personal property were approved. In the matter of the conservatorship of Phoebe Shafer, report of sale was approved.

CLOSING OUT SALE
Mrs. Alex Miller will hold a closing out sale three miles south west of Alexander on Jan. 30. Horses, cows and farming machinery and 12 head of extra fine Poland China brood sows and 8 shoats.

THOUSANDS ATTENDED
GROVES FARM SALE

Cows in Special Demand at High Level Prices—Other Livestock and Grain Also Sold Well—C. M. Strawn was Auctioneer.

One of the most largely attended sales ever held in Morgan county was that of Mrs. W. B. Groves on the Groves farm two miles northwest of the city Wednesday. The offerings were high class, the sale had been well advertised and the weather was the finest possible. The total of the sale was about \$9,000. Charles M. Strawn was the auctioneer with J. W. Lazenby and A. W. Waltman were the clerks. The general arrangements for the sale had been in the hands of John W. Clary, brother-in-law of Mrs. Groves, and everything was well ordered. Mr. Strawn had a big day's work before him when he opened the sale at 10 o'clock. However, he followed his custom of keeping things moving and the numerous offerings were disposed of in near record time at very satisfactory prices. A big tent had been erected for use in case of unfavorable weather and livestock was sold there. The fact is there were so many people on the grounds that the auctioneer was compelled to spend part of his time in his endeavor to give the people on the outskirts of the buying circle a chance to record their bids. The cows sold were of extra good quality and the prices paid showed the demand there is for good milking stock. The average price paid for nine cows was \$151.75.

The Ladies' Aid society of the Church of Our Savior served the lunch and it was an excellent one. This is the first time that this society has undertaken this class of work and the ladies were well pleased with results of the day. Mrs. Groves will soon move to Jacksonville and make her home with Mr. and Mrs. Clary. She has leased her farm to Henry Wax who has been in her employ during the past year. The implements sold well. Of course the largest interest centered about the livestock and grain. Corn brought \$1.37 1/2 in the crib. Oats sold at prices ranging from 68c to 62c a bushel. Alfalfa hay sold from 80 to 87 1/2c a bale, and timothy hay at from 80 to 82 1/2c a bale. Twenty-five shocks of fodder brought 42 1/2c a shock. Some of the livestock sales were as follows:

CITY OFFICIALS
TALK OF REVENUES

Mayor Will Lend Support to the Measure Providing More Money Thru Taxation.

Springfield, Ill., Jan. 29.—Mayor H. J. Rodgers of Jacksonville was present today at the special gathering of executives from various cities.

"What are we going to do for funds, when the country goes 'dry'?" seemed to be the question which the meeting wished to settle.

One of the speakers declared when prohibition amendment becomes effective, many of the municipalities will be unable to pay the salaries of officials, policemen, firemen and other municipal employees, unless some means is found to raise the necessary money.

It was generally understood that the mayors would band together behind some form of measure which they would ask the general assembly to pass.

Among some of those in attendance were: Mayor John W. William C. Barber, Joliet; Mayor H. P. Pierson, Evanston; Mayor E. E. Jones, Bloomington, and Mayor Charles T. Bauman of Springfield.

Alderman Perry Ellis of Quincy, represented the mayor of that city, while Phillip H. Ward and Robert Watson, city attorneys from Sterling and Alton, respectively represented those cities.

PRAYER RECOGNIZED.
The following is from a paper in Pocatello, Idaho, and refers to a nephew of Major McDougall of this city. The young man evidently comes from fighting stock judging by the career of our fellow townsman.
Lieut. Harry O. McDougall, son of Mr. and Mrs. D. C. McDougall of Pocatello, Idaho, is cited for distinguished service in today's official list submitted by the war department, and has been awarded the distinguished service cross for acts of extraordinary heroism. The incident had previously been referred to but is more fully described in the following official citation:
"First Lieutenant Harry O. McDougall, air service, pilot, 96th aero squadron—For extraordinary heroism in action near Dun-Sur-Meuse, France, October 23rd, 1918. Lieutenant McDougall, with Second Lieutenant Elmer McKay, observer, while on a bombing mission, displayed exceptional courage in leaving comparatively secure position in the center of the formation during a combat with five enemy planes and going to the protection of two other officers whose plans had been disabled and forced out of the formation. Lieutenant McDougall skillfully maneuvered his machine so as to enable Lieut. McKay to shoot down one of the adversaries and fight off the others. Home address D. C. McDougall, father, 132, South Hayes, Polatello, Idaho."

WILL MEET TODAY.

The Loyal Woman's Class of Central Christian church will sew for the Red Cross Thursday afternoon at the home of Mrs. Bambrook 529 Hardin avenue. A large attendance is desired.

SCIENCE MAKES
THEM DURABLE

So—These Soles Save
You Shoe Money

"I have been wearing my shoes with Neolin Soles nearly a year, and they are apparently in as good condition as when I bought them,"—written August, 1918, by W. H. Cocke, Officer, A.E.F., France.

Only Neolin Soles could endure a test like this. That they do so is because of the tough durability built into them by a scientific process. To cut your shoe bills down, buy shoes with these long-wearing soles. They come in many styles for men, women, and children.

Remember—Neolin Soles are flexible and waterproof, too, and are available everywhere for resoling. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to wear all other heels.

You Cannot
Have Style
Unless There
Is Quality

In shoes, as in everything else, it is impossible to build perfect styles from poor quality—it can't be done. There first must be quality or the styles that your heart was set upon, and that you bought with so much pleasure, will not stand up.

It is the policy of this store to sell quality footwear first, last and all the time, for the least money; and in doing so we don't have to bother much about the style—style follows quality as night follows day.

Spring Woolens
Are Arriving

The new Spring Woolens, for men's and women's suits, are arriving daily and we believe that it will pay those persons who want something just a little different and a little finer, to call and make selections now—at least, to come in to see if the pattern you want has come in.

We are advised by manufacturers and jobbers that patterns will be limited and that it will be impossible to duplicate any of the numbers—in short, it will not be possible yet to get just exactly, perhaps, the pattern that you have in mind.

We shall be glad to show you the new patterns as they arrive, and to discuss with you the new spring garments that you may be contemplating.

Our Mr. Green will leave next Saturday night for New York and those ladies who may wish to consult with him before his departure are invited to call now.

MAJOR MULLENIX HERE.

Major John C. Mullenix, who has been in the service on the border for many months, stationed at Nogales, Ariz., is expected to arrive in Jacksonville this morning. The particular object of his visit at this time is to see his brother, Robert, who has been ill for a number of weeks following an attack of the flu. The Major had asked for a furlough previously when his brother first was taken ill, but on account of the nature of his service it could not be granted until last Sunday. Robert Mullenix is considered out of danger but the severity of his illness makes recovery very slow.

The Best Cough Syrup Is Home-made
Here's An Easy Way to Save \$2, and Yet have the Best Cough Remedy You Ever Tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup. Either way, it tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind., Adv.

WHY AVERY TRACTORS LEAD

The Avery Tractor is different from other tractors. It has a perfected opposed motor, with renewable inner cylinder walls, gasifiers that turn kerosene into gas, and ad-stable crankshaft boxes. It has a round radiator, with no fan, belts, pumps, chains, or her such parts. It has a patented sliding frame which makes possible the simplest and most efficient belt and drawbar transmission system built. That is why the Avery tractor has proved so successful. That is why there are Avery tractors which have been working in the hands of owners for many years and are still good for many more years of hard work. The words "Avery Tractors" and "Motor Farming Success" mean the best thing. You should investigate what motor farming with Avery Tractors can do for you. Come in and let us talk about the matter and look over the sample tractors have on our display floor.

Social Events

Surprised on Birthday.

Mrs. Mary Towers of North Prairie street recently planned a surprise party in honor of the birthday of Miss Agnes DeCastro, and the occasion proved a very pleasant one for all. The guests spent the early evening at a moving picture theatre and later returned to Miss Towers' home, where refreshments were served. Those present were Misses Myrtle Barber, Dorothy Kingery, Mabel Kingery, Lucille McCalley, Bernice Alves, Olive Woods, Frances Dickerson, Messrs. Henry Wheeler, Merle Redding, Chester Hall,

Norman Vieira, Charles Bates, Harvey Martin.

Liberty Ladies' Aid Society Meets.

The Ladies' Aid society of the Methodist M. E. church of Liberty met at the home of Mrs. J. C. McFadden at the county farm, with about fifteen members present. This was the first all-day meeting that has been held for several months on account of the prevailing sickness. After lunch the regular business session was held. Devotional was read by Mrs. Earl Rexroat of Liberty.

Reading—Mrs. Albert Hall. Recitation—Mrs. Earl Underbrink.

Recreation—Mrs. Clara Guy. Instrumental solo—Miss Louise Wilding. Solo, "Shadow Time"—Mrs. J. C. McFadden.

Song—Mrs. Edna Dunlap. Story—Mrs. Earl Rexroat.

The members also sang a number of patriotic songs.

The inmates of the home were also delighted by a special musical program.

Camouflage Social.

About seventy-five young people enjoyed the fun at the camouflage social Tuesday evening, given by the Senior Christian Endeavor society of the Central Christian church, Columbia and Uncle Sam represented by Miss Amelia Carlson and Mr. Harold Hall, received the guests in true camouflage fashion. The game of "Kamerad, Kamerad," was followed by a musical program rendered by the famous orchestra under the direction of the distinguished conductor, Signor Prunod, represented by Mr. Herbert Henderson. Prominent in the orchestral cast were Charlie Chaplin, Harry Lauder, the Gold Post Twins, Joe Green, George Barrere, Pablo Casals, Paul Kester, Vincent Buono, Pietro Deira and Howel Kopp. The most unique thing about this orchestra was the fact that most of the musical instruments used were manufactured by the members of the orchestra, who showed remarkable skill and ingenuity in their productions. The prima donna of the evening, Miss Fern Haigh as Alma Gluck, received hearty applause. The audience was delighted with the imitable Harry Lauder's rendition of the old favorite song, "In the Gloaming." After a time spent in playing games, considerable amusement was furnished by the camouflaged refreshments. Mr. Wilber Gibbs received some camouflaged candy as a prize in the contest of guessing the menu suggested. Some of the young people were so impressed with the camouflaged devices that

refreshments which followed. A they were suspicious of the real patriotic spirit concluded the evening's entertainment.

DEATHS

Cronin

Miss Maggie Cronin died at Guss Savio's hospital at 9:23 o'clock Wednesday night after an illness of a few days of pneumonia.

Deceased was about 69 years of age and had resided in this city for many years. She became an employee of the Dunlap hotel when Capt. Alex Smith purchased the hotel and thru all the years and the changing ownerships she remained.

In recent years she was not able to do much work but she always regarded the Dunlap hotel as the only home she had. Dr. Rule said last night that she had been a faithful employee and had been at the hotel for nearly 49 years. When he took the hotel Dr. Rule said Miss Cronin asked him if he was going to put her out, saying it was the only home she knew. Dr. Rule said that he told her that she could stay as long as she lived.

She is survived by one brother, T. M. Cronin of Chicago, and one sister, Mrs. Peter Weber of San Francisco, Cal. She also has a relative, Miss May Madison, in Kansas City, Mo.

The remains were removed to the undertaking parlors of John H. O'Donnell and prepared for burial. The time of the funeral has not been announced.

Flynn

A telegram was received by Mrs. William Wagner and Mrs. Ashbaker last night announcing the death of their brother, John Flynn, which occurred at his home in New York City about 5 o'clock Wednesday afternoon.

Deceased was about 42 years of age and was the son of the late Tim Flynn and was born here. He had resided in New York City for several years where he was engaged in the transfer business.

He is survived by his widow and four sisters, Mrs. William Wagner, Mrs. Chas. J. Ashbaker, Mrs. Thomas Fernandes and Mrs. Howard Thompson all of this city.

The remains will be brought here for burial, the time of the funeral to be announced later.

OLD JACKSONVILLE

A HERO AND OLD MAN

By Ensley Moore

(Member Illinois State Historical Society)

The heathen saying was: "Whom the gods love die young." This may have been true sometimes, but it was not so regarding James S. Anderson.

He faced death in his young days, when others fled, and he was ready to face the King of terrors as a soldier, but he lived and lived—even to more than four score years.

Mr. Anderson was born near Lynchburg, Virginia, June 20, 1820. He finished his earthly course in Jacksonville, July 1, 1899.

This place was his home from 1850, as long as he lived, except during the "thirties," when he went to Carrollton for about a year. He was so highly appreciated here that a committee was sent to the Green county town to request him to come back here, which he did.

He was a cabinet maker by trade, and became our first undertaker, after working for others for several years. He had the privilege of attending departed friends of our citizens at the last almost sixty years. He was kind, efficient and unostentatious in his duties on all occasions. He was supposed to be the oldest, continuous undertaker in Illinois.

He came here before the Cholera Days of 1833, and it was then that he showed himself

A Hero

For in those times which tried so many people to the utmost, he "stood by," and took no account of endangering his life. It is hard for us now to see the terror that the epidemic produced in many minds. But Mr. Anderson risked his life, and without martial music or cheering crowds, he strove to save the people stricken with the disease or dying of it.

He bravely faced the danger without fear or hope of reward. But he had the latter for years to come, in the respect of those who knew how he had helped those who had no others to do so.

Some years ago, the courier published an interview with Mr. Anderson in which he told of his early experiences here. A part of this is quoted herewith. He said, of the Cholera,

"The first case made its appearance in May or June of the year 1833. A mover, travelling by wagon, thru the country, stopped here, and his wife was taken sick. The citizens went to his assistance and the woman's disease was pronounced a case of genuine Asiatic Cholera. The citizens conveyed the sick woman and others to a log cabin outside of the town, so as not to spread the infection. This cabin was on the ground now owned by George Manzy, and where he lives at present. The woman died, and the people burned the clothing and so forth, supplied the man with money and sent him on. I saw this woman just before she died. Myself and several companions went to see her out of curiosity. Two weeks afterward a second case appeared, being that of a young man from Exeter, who was visiting relatives who kept a boarding house where Marble block now stands. He died, and the disease began to spread rapidly. The town at that time contained about five hundred inhabitants, fully half of whom fled to the country. Of those who remained about seventy five were attacked with the epidemic, of whom fifty five died. It was very malignant. Beside these quite a number of those who fled to the country died; some of them I actually believe, were scared to death. When the disease first appeared my brother Robert, my partner Ross and myself were all working together. Robert became alarmed and went to father's, on the farm near Murrayville. The next day he returned for Ross and me, but we concluded to take our chances and stay in town. We were both young, unmarried men, and we left our shop and commenced to nurse the sick, and we were almost the only ones who devoted our time to it. We went from house to house, sitting up night after night and day after day, waiting on the sick, preparing the dead for burial, and doing what we could. The whole community seemed paralyzed and but if business was done, I don't believe a man would have picked up a dollar if he had seen it in the street. We had a hard time getting anything to eat. Our boarding house was broken up, and no one could take us regularly, as all were afflicted or waiting on those who were; but we were always welcome to a meal wherever we could find it. The scourge lasted six weeks, and was

the most terrible that ever visited Jacksonville.

The disease usually lasted from six to twenty four hours before the sufferer died. Some cures were effected. Occasionally, after the doctor had given a patient up, one of what they called "steam doctors" would come in and cure him."

A Soldier.

Mr. Anderson not only risked his life seriously in helping the sick, but he also exposed himself to what seemed to be the dangers of the Black Hawk War, by enlisting under the call of the state. This proved to be a slight matter with the other experience, but he was made a pensioner of the government, at the high rate of eight dollars per month for the balance of his days. The government gave him the choice of a section of land at Chicago. He and a comrade walked up there and were disgusted at the swampy place. So one sold his section for an old or decrepit mule, and the other got an old, rusty flint-lock musket for his chance at a fortune. The two, with the mule, then "rode and tied" their way home to old Morgan. The comrade afterwards suggested to Mr. Anderson to apply for a larger pension, which the first had secured. But as that involved perjury against himself, Mr. Anderson declined to do so.

Marries.

Mr. Anderson married Miss Sarah Jane Thompson, daughter of the Hon. "Jack" Thompson, M. C. She was born in Georgetown, Kentucky, March 5, 1820, and died July 15, 1899, just about two weeks after her husband had been called away.

Mr. and Mrs. Anderson were the parents of

Mary, born August 1, 1838, who died in infancy.

Edwin H., born February 23, 1840. He belonged to Co. G, First Missouri Cavalry, and was killed at Sugar Creek, near Pea Ridge, Mo., in February, 1862.

Clary Emily, born Oct. 11, 1843. She married W. H. Watson, and died November 28, 1872.

Samuel T., born June 9, 1845. He married Mrs. Emma Augusta Reynolds, nee Goltra; Sept. 18, 1878.

Lucy J., born March 9, 1851. She was burned at a bonfire, so badly that she died March 16, 1859.

Kate, born August 9, 1854. She married Lambert Hastings, and died March 19, 1901. She was a fine singer, singing in church choirs and in concert. (This was not the Hastings so well known here.)

Clare Belle, born October 5, 1859. She died July 3, 1874, after becoming a fine singer, and adding fair to become a remarkable one.

Benjamin Humphrey, born March 5, 1849, died July 2, 1882. There were also twin girls, who died very young.

Samuel T., is known to nearly every one in town. He was in government business in Atlanta, Ga., for about eight years, then came back here, entering business with his father, and succeeding him in it; being now succeeded by his step-son, John G. Reynolds. Mr. Anderson now resides at the corner of West State and Westminster streets. His father lived on both sides of East Washington streets, latterly, between, Mauvaisterre and East streets, south side.

SERG. RODGERS WRITES FROM LUXEMBERG

Letter Gives Ideas of Splendid Scenery Soldiers are Viewing—Men of Old Company B, Plan Reunion.

Sergt. Jay Rodgers is one of the Morgan county soldiers who is still in the overseas service and is now with the army of occupation in Germany. In a letter written from Diekirch, Luxemburg, Dec. 21, Sergt. Rodgers sent a number of interesting photographs. One of them shows the front of the market owned by the sergeant's host, who according to the picture is a real German.

Sergt. Rodgers is with the 33d military police company and the company left Troyon-Sur-Neus, France, Dec. 7, en route to German territory. He was left behind with two men to take care of the baggage. After seven days waiting for trucks they started for Luxemburg by way of Verdun, and Etims. On the way they passed thru No Man's Land and other territory made famous by the history of the war. One paragraph in the letter gives an idea of what this overseas service is meaning to the American soldiers in the viewing of European scenery. Sergt. Rodgers said:

"Talk about scenery, why, I didn't know there was anything like it. Our road followed the banks of the river in its winding course thru hills for twelve kilometers. Not to have followed the river would have meant the climbing of many steep hills, but as it was the road was level. Just across the river was Prussia. We passed thru several little towns that had never been shot at and they were filled with queer buildings that were tinted in pink, blue, yellow, etc. The hills along here were covered with vineyards and hop vines. It was great, that was all."

Later on the letter, after describing some other experiences and the beautiful scenery, the sergeant says:

"But while all this natural beauty is appreciated, I'll venture to say that there isn't a fellow in the outfit but would appreciate more fully the beauties of Illinois."

A cording to plans, Sergt. Rodgers and his friends have there will be a reunion of men of Co. B of the old 5th regiment here in Jacksonville as soon after they have been mustered out as possible. The writer in making this reference adds that he is sorry to know that some of the men will never be able to attend such a reunion. Fred Stewart, Frank Merrill, George Vasconcelos and other Jacksonville young men are mentioned in the letter and Sergt. Rodgers indicates that they are all well and happy in their overseas service, but very ready to return to the home country.

Jiffy-Jell

Mint Flavor

Jiffy-Jell comes in fresh-fruit flavors for desserts. But it also comes in mint flavor, to make instant garnish jell.

The mint flavor comes sealed in a vial, so it keeps its strength and freshness. It makes a green jell with a wealth of fresh mint flavor.

Serve with cold meats or roast lamb. Or mix in meat scraps before cooling and make a meat loaf of it.

Try Loganberry Jiffy-Jell for a fruity dessert, and Mint for a garnish jell. They will delight you.

Why Suffer From Headaches?

Biliousness, sluggish digestion, decaying food-waste in the bowels, is the foundation of nearly all headaches. This is so easy to avoid that it seems foolish to suffer from headaches.

Simply empty the stomach and bowels and the cause is gone—after that the headache disappears.

Your druggist has a product called SALINOS, which will completely empty the bowels and the entire digestive system, including the lower bowel where most of the trouble starts. It is pleasant to take, pleasant and soothing in action. Get a bottle for a Quarter (larger sizes Fifty-cents and a Dollar).

Get it today. Use it first thing tomorrow morning.

Obtain More Dollars for Your Grain

Feeding whole grain is very expensive, a fact that has been proven by all the experimental stations. Ground feed is thoroly digested, therefore it takes less grain to make more fat, your stock remains in better health, gains more weight in less time, brings bigger and quicker results.

Use a United Feed Grinder

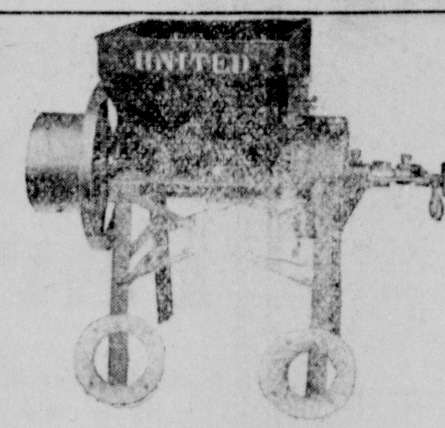

Facts Worth Knowing

SELF-SHARPENING BURRS—One of the most important parts of a feed mill are the grinding burrs. Years of experience in building feed mills have enabled us to produce in the new UNITED MILL, self-sharpening, oscillating burrs that have made this mill favored above all others.

SELF-SHARPENING—Because UNITED burrs have flat-faced teeth instead of the old type "V" shape, the surface of each tooth wears exactly to the same degree as the one next to it. There can be no unevenness in the wearing of these teeth, and furthermore, the more they wear, the sharper they become. The shearing or scissors effect produced by the flat-faced tooth makes it possible to grind even oats which you cannot do with ordinary burrs. The self-sharpening teeth do not make the grinding, rumbling noise found in other types of mills. UNITEDS are silent.

SELF-ALIGNING—One burr is securely mounted on the main shaft; the other equipped with a four-point suspension. It oscillates to the side, or forward and back. This oscillating burr must follow the burr on the shaft. This is real automatic alignment and equal pressure is maintained on all parts of the burrs.

UNITED burrs are made of spegalized steel—they last longer and grind many times more feed. By removing two bolts you gain quick access to the burrs.

Cash, \$24.70

You will grind as much feed with less power, or much more feed with the same power. Grinds fine or coarse, fast or slow. The UNITED Mill was designed by experts—built by experts—it must render you a super-quality service.

UNITED USERS ARE PROUD OF THESE FEATURES IN THEIR FEED MILLS

- 1 Grind the finest table meal or coarsest feed for stock. Hair-breadth adjustment.
- 2 Grind more feed with same power or same amount with much less power than any other mill.
- 3 Grind with a Ball Bearing Mill—The United runs smoothly and without noise.
- 4 Four-point oscillating burrs with flat-faced self-sharpening teeth — Will Even Grind Your Oats. Burrs are of Spegalized steel, hard as glass.
- 5 Automatic worm feed drives grain to burrs—the result is maximum capacity.
- 6 Heavy rigid main frame mounted on our angle steel legs, securely braced.
- 7 Big hopper of 18-gauge steel. High carbon steel main shaft with a perfectly balanced Ball Bearing to absorb end thrust friction.
- 8 Quick release lever, hinged safety bottom, generous oil cups, high quality babbiting.

GRIND MORE WITH A UNITED

Facts Worth Knowing

THE UNITED SOLID FRAME is well supported by four heavy angle steel legs thoroughly braced. Only a minimum of friction because all castings are perfectly babbiting.

THE LARGE, SUBSTANTIAL HOPPER—Heavier steel is used in our UNITED Mill Hopper than in any other mill. It is of 18-gauge and the top edge is thoroughly reinforced by rolling the steel over a heavy one-fourth inch steel rod.

THE MAIN SHAFT is of high carbon steel. The UNITED is a BALL BEARING MILL, the very highest quality ball bearing, consisting of ground steel balls, running between two case-hardened, crucible steel blocks. These perfectly absorb the end thrust friction.

UNITED WORM FEED forces the grain to the oscillating burrs, increasing the grinding capacity. The cutter bar and knives on the concave bottom help to reduce cob corn to particles before it enters the burrs.

THE UNITED FLY WHEEL is perfectly balanced, causing the mill to run smoothly at all times.

UNITED SPECIAL SAFETY DEVICE—Wood break pins in the safety hinged bottom will give way if any obstructions should enter the burrs. UNITED Mills are fool-proof.

UNITED QUICK RELEASE FEED LEVER regulates the tension — burrs may be separated instantly. A convenient hand wheel regulates the fineness of the grain.

Do You Want to Know Both Sides?

Swift & Company's 1919 Year Book, just out, tells you

What Swift & Company's profits were in 1918, The truth about the Federal Trade Commission's investigation,

Why the prices of butter and eggs are so high, And many other vital facts.

Whether or not you agree with us after reading this Year Book, you will at least know both sides.

You will find it interesting; Americans like to hear about big things done in a big way.

You will also discover that we are merely human beings like yourself, doing in the best possible way a necessary service.

Legislation is pending in Washington; as a good American citizen you want to know both sides of this question. It concerns you, as well as one of the most important industries in the country.

Do not hesitate to send for a copy of this booklet. Your name and address are all we need.

WAYMAN TO SPEAK AT GRACE CHURCH TONIGHT

MASS MEETING CALLED IN RED CROSS CAMPAIGN.

Versatile Canadian Will Have War Theme as Basis for Address—Noonday Luncheon and Conference For Workers Called—Enthusiastic Meeting Held at Prentice.

Sergt. Matthew Wayman will address a mass meeting at Grace church tonight to be held as a part of the Red Cross campaign. Before the meeting begins there will be a parade thru the business district. The purpose of both the parade and the meeting is to create increased interest in the campaign for membership. A notice issued yesterday by the executive committee indicated plainly that memberships are not being received with the expected rapidity and that unless the workers are more active and the people more responsive that Morgan county's good war time record will not be maintained. Sergt. Wayman is one of the most magnetic speakers heard in Jacksonville in any of the war time campaigns and the announcement that he is to speak tonight insures a large audience.

Luncheon Today. At noon today a luncheon will be given at Grace church for all workers of the city and county and they are expected to attend. Some reports will be made and in addition plans for further and more intensive work will be presented. At the luncheon Sergt. Wayman and others will speak and the hour promises to be inspirational for workers.

Prentice People Enthusiastic. A very enthusiastic meeting was held at Prentice Wednesday night in the M. E. church. J. H. Hubbs and Edward Collins presided at different times during the evening and Sergt. Wayman made a very strong appeal for Red Cross support. There was a large attendance of the people of the precinct and the membership roll in Prentice precinct is coming along in a very satisfactory way, and the allotment will doubtless be fully met. Sergt. Wayman and Dr. G. H. Kopperl, the campaign chairman, were taken to Prentice by Walter Ayers.

A WONDERFUL PICTURE.

P. J. Meany and wife have received from their son-in-law, Melvin Hayes, in France, a wonderful picture. It is about seven by eight inches and is wrought in fine thread and looks almost as if it were done in pen and ink. It represents a man and woman in costume of 1776 standing by a building about which are numerous flowers and various other articles. The fine detail of the work is a marvel and the picture is highly prized by its fortunate owners.

PUBLIC SALE.

THEODORE SAMPLE.

SERG. GRAUBNER HERE

Sergt. Edward E. Graubner is here from Camp Merritt, N. J. for a seven day furlough. He came at this time to attend the funeral of his sister, Mrs. John Dwyer. Sergt. Graubner is in charge of one of the kitchens at the New Jersey camp. Many of the returning troops are sent to Camp Merritt prior to being transferred to the camps from which they are to be demobilized and there are thousands of men coming and going each day.

Sergt. Graubner left Jacksonville with the contingent on June 28, going first to Camp Taylor and afterwards was transferred to Camp Beauregard, La., and from there to the eastern camp.

RESIDENCE CHANGES

The fact was recently mentioned that Mr. and Mrs. E. L. Kinney had sold their residence property on South Prairie street to Clifton Corrington. Subsequently Mr. Corrington sold the property back to Mr. Kinney and then purchased the Miss Nettie Orear property on South Main street from the executors. Mr. Corrington and family will soon occupy their new home.

ELLIS NEWMAN NOW LOCATED IN ST. LOUIS.

Is in Charge of Woolworth Store in Largest Establishment Company Has.

Ellis Newman and family have arrived in the city from Milwaukee and will be here a short time. Mr. Newman has progressed wonderfully since leaving Jacksonville. He was for a time manager of the Woolworth 5 and 10 cent store in St. Paul and was transferred to a larger one in Milwaukee and again he has been promoted to the largest store owned by the company, the one in St. Louis. It is on the corner of Broadway and Washington avenue and is quite large, but two more numbers are to be added to it so that it will be the largest establishment the company has, being 160 feet by 180 with two stories and basement. Mr. Newman expects to take charge in a short time and he is to be congratulated on his good success.

100 PERCENT LIST SHOWS MANY NAMES

Business People Loyal and Patriotic in Supporting the Red Cross Campaign.

The Red Cross committee which had in charge the canvassing work in the business district has compiled the following list of 100 per cent business houses. The factories and institutions are not listed here but will be mentioned at another time. If any names are omitted the persons so omitted are requested to telephone the fact to the Red Cross headquarters so that the list may be corrected. In a number of instances the committee has not yet called upon the proprietors but expected to complete the canvassing work today.

All merchants who are herewith listed are asked to canvass their employees and have the list of membership ready when the committee calls. This is a patriotic movement in which everybody in Jacksonville and Morgan county is interested. The membership roll thus far has not come up to expectations and if the campaign is finished this week and the good name of the city and county preserved, there must be an immediate response to the request to join.

The work of the Red Cross organization has by no means been finished. Aid must be given to thousands upon thousands of soldiers in hospitals overseas and in the U. S. In addition, there is local work to be done. The following is the list of names the committee has prepared. As already indicated, any person omitted is requested to report the fact to the Red Cross headquarters:
